SARA AL-AWWAD

Digital Operations Analyst | Client & Stakeholder Management | Digital Transformation

Kuwait City, Kuwait | +965 66111000 | Saraalawwad24@gmail.com | LinkedIn

PROFILE

Digital Operations Analyst at Zain Kuwait with a client-focused, relationship-driven approach to digital development. Experienced in managing stakeholders at multiple levels, coordinating cross-functional teams, and turning business needs into delivered digital solutions, including Zain's B2B enterprise portal. Background in Diplomacy and International Relations, with strong communication, negotiation, and analytical skills.

WORK EXPERIENCE

Digital Operations Analyst

Zain Kuwait | Jan 2026 – Present

- Serve as the central point of contact between business stakeholders, product, and development teams, ensuring needs are understood and commitments are delivered.
- Coordinate delivery of Zain's B2B enterprise portal (MyBusiness) soft launch, including payment and account management features for business customers.
- Lead sprint announcements and prepare weekly updates for stakeholders, translating technical progress into clear business outcomes.
- Run daily stand-ups and resolve blockers proactively, escalating risks early to protect delivery timelines.
- Raise, prioritise, and track requirements and issues in Jira across product and development teams.

Gen Z Program Graduate

Zain Group, Kuwait | Jan 2025 – Jan 2026

- Completed Zain Group's Generation Z Graduate Training Program, with structured training in leadership, digital transformation, and Agile methodology.
- Built foundations in telecom digital operations and cross-functional collaboration across business and technical teams.
- Visited Huawei’s headquarters in Shenzhen, China, gaining an inside look at how innovation is built, scaled, and sustained at a global level.
- Explored AI (how large models are developed, trained, and applied across industries), Cloud Computing, and the future of 6G, and saw Huawei’s structured, collaborative, long-term culture first-hand.

UNDP Intern

UNDP, Kuwait | Jan 2024 – Mar 2024

- Conducted research and analysis on socio-economic development initiatives.
- Supported monitoring and reporting on development projects.

SKILLS

- Client & Stakeholder Relationship Management | Senior Stakeholder Communication & Reporting
- Digital Transformation & Enterprise Technology Solutions | Negotiation & Diplomatic Communication
- Requirements Gathering & Solution Coordination | Risk, Dependency & Escalation Management
- Agile Delivery (Scrum, Jira) | Research & Market Analysis
